

ICE PAINT REQUIREMENTS

JET ICE MANUFACTURES A COMPREHENSIVE LINE OF SUPERIOR QUALITY ICE PAINT INCLUDING SUPER WHITE 3000, LIQUID RED LINE, BLUE LINE AND GOAL CREASE ICE PAINTS.

Jet Ice has worked closely with ice makers for many years to develop formulation improvements to Super White 3000 to achieve the brightest white with the most hiding power of any white paint on the market. Why struggle with white base coat products that require additional topcoats? With Jet Ice Super White 3000, base coats aren't required! Application is easy, smooth and coverage is second to none!

Our liquid line colors are carefully formulated and manufactured to maximize color vibrancy with the best dispersion and flow characteristics. Liquid line colors from Jet Ice have become industry standards.

Jet Ice Paints – exactly what the professional ice maker requires to make their ice look perfect!

SPECIALTY ICE PAINTS

CLEAR COAT

Formulated for the Figure Skating industry, our clear coat semi-transparent ice paint is ideal for ice shows, fundraisers and special events. Ease of application and removal are its most attractive features. Available in blue, green, yellow, orange, red, magenta, and violet.

SPECIAL EFFECTS BLACK LIGHT PAINT

This unique product glows in the dark, providing dramatic effects when activated by black lights. Pigmentation remains sharp and crisp under normal arena lighting.

PRE-MIXED LIQUID ICE PAINT

Our pre-mixed liquid paint is available for special events and is packaged in 20 litre pails. We can match this specialty coating to any Pantone paint number.
