SPRAY PAINT APPLICATOR

For painting, sealing and building your ice surface.

BACK PACK SPRAYER

For whitening out markings on existing ice surfaces and sealing in lines and logos.

250' 3/4" RUBBER HOSE

Available with manual wind hose reel / sealing nozzle.

JET GLOSS

This liquid surfactant is added to the resurfacing water for the last flood of the day. Designed to remove air trapped in the ice phase, this ice dressing provides a brighter, glossier ice surface.

FLOOR CLEANER

An efficient method for removing petroleum based products from concrete floors.
